

30th NIMR Annual Joint Scientific Conference 2016

The National Institute for Medical Research (NIMR), held its 30th Annual Joint Scientific Conference (AJSC), from 4th to 6th October 2016, at the Julius Nyerere International Convention Centre in Dar es Salaam. The conference theme was "Achieving the Sustainable Development Goals: Investing Innovative Research to fill the Critical Gaps"

Her Excellency Samia Suluhu Hassan, the Vice President of the United Republic of Tanzania officiated the 30th Annual Joint Scientific Conference on 4th October 2016. The conference was attended by various stakeholders including scientists from within and outside the country, policy makers, academicians, and representatives of several academic and research institutions. HKMU was represented by the Acting Vice Chancellor, Prof. Godwin Ndossi.

Chief Guest H.E. Samia Suluhu Hassan, the Vice President of the United Republic of Tanzania (seated at the centre), followed by Dr. Mwele Malecela, Director General of NIMR on her left, and on her right is Dr. Hamis Kingwangala, Deputy Minister of Health, Community Development, Gender, Elderly and Children. Standing third from right is Prof. Godwin Ndossi, Acting Vice Chancellor of HKMU.
